

## JOIN THE MOVEMENT BATH WOMEN'S FUND

Bath Women's Fund celebrates women's philanthropy and the wonderful local people and charities that empower and support women, girls and families. We invite you to join us in supporting local communities with a collective response to local needs - because together our money makes a bigger difference.

### How it works

Each member donates £25 per month (or £20 plus Gift Aid), or more if they wish.

As a member, you will participate in deciding how the membership funds will be allocated to make the biggest impact.

Every pound you donate (including any Gift Aid) will be awarded in grants. There are no administration costs thanks to our dedicated volunteers and the generous support of St John's Foundation.

Members also get:

- exclusive invitations to events and local visits

- regular updates on local philanthropy

- a community to inspire and encourage you

Membership is open to all women, of any age, interest or background. Men are very welcome to join too.

You will be joining an international movement of giving circles, which enables people to "make their giving more meaningful and personal, to make better giving decisions, to network and socialise and to achieve social change".<sup>1</sup>

### To join

Complete the attached membership form and Gift Aid declaration to set up the standing order for your monthly donation.

If you would prefer to make an annual donation, please contact either of our founders:
